WITNESS AFTER WITNESS IN ALMA

Such Evidence Our Readers Cannot Dispute

As we take up the Record, week after week, we are struck by the happy, unmistakable way in which witnesses after witnesses speak out as Mr. Robinson does here. If these people were strangers living miles away, we might take little notice of them. But they are not. They are our neighbors, living among us. Their word is too easily proven to admit of any doubt. They speak out in the hope that their experience may be a guide to others.

Eara Robinson, 113 Grant avenue, Alma, says: "I had rheumatic pains in my back and when I lifted anything, sharp twinges darted through my body. The action of my kidneys was irregular and the kidney secretions were scanty and painful in passage. I used different medicines, but nothing gave me relief until I got Doan's Kidney Pills at Rhodes' Drug Store. They relieved the pain. I publicly recommended Doan's Kidney Pills when they helped me and I have since used them off and on since. I have always had satisfactory results."

Price 50c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Robinson had. Foster-Milburn Co., Props., Buffalo, N. Y. adv.

Especially now when horses are getting more valuable, people in Michigan will find it to their profit to know about a 68-year-old liniment about which Mr. H. C. Feroc of Tivoli, N. Profit-Sharing With Retail Buyers

On August 1, 1914 we made the announcement that if we could make and sell at retail 300,000 Ford cars between August 1, 1914 and August 1, 1915 we would share profits with the retail purchasers, to the extent of from \$40 to \$60 on each car. We have sold over 300,000 Ford cars in the time specified, and profit-sharing checks of \$50 each will be distributed as rapidly as possible after August 15, 1915. Retail purchasers who have not yet mailed us their profit-sharing coupons, properly endorsed, should do so without delay.

Our plan to profit-share with retail purchasers of Ford cars during 1914-15 has been most successful. We thoroughly believe in it, but, realizing the uncertainty of conditions generally makes it advisable to defer any announcement of future profit-sharing until a later date.

We are, however, confident of our ability to reduce costs for several months, and therefore can offer no profit-sharing for cars delivered during August, September and October, 1915.
